

& Administration

gate the payroll process easier.

Gross Pay Calculator

Hours Worked: Hourly Rate:

Gross Pay: \$120.00

The screenshot shows the developer console of a web browser. The 'Console' tab is active, displaying a series of log messages from a JavaScript script. The messages are as follows:

- Starting Gross Pay Calculation (script.js:7)
- Hours Entered: 80 (script.js:10)
- Hourly Rate Entered: 40 (script.js:11)
- Inputs are valid, continue with calculation (script.js:18)
- Calculated Gross Pay: 120 (script.js:21)

At the bottom of the console, there is a message: `> (ctrl) i to turn on code suggestions. Don't show again`.
